PETITION TO WITHDRAW A HOLDING OF ABANDONMENT
UNDER 37 C.F.R. § 1.181(a)

MS Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Deltagen, Inc. hereby petitions under 37 C.F.R. § 1.181(a) to withdraw a holding of abandonment of the above referenced application. In a "Notice of Abandonment" mailed December 28, 2004, it was alleged that Applicants failed to timely file a proper response to an Office Action mailed April 22, 2004. However, Applicants submit that the April 22, 2004 Office Action was never received.

According to the MPEP, if an applicant can adequately prove non-receipt of an Office Action, the office may grant a petition to withdraw a holding of abandonment and remail the Office Action. See MPEP § 711.03 (c) citing *Delgar v. Schulyer*, 172 USPQ 513 (D.D.C. 1791). Applicants have fulfilled the requirements for proof of non-receipt of the Office Action with the statements below and supporting documents enclosed herewith.

I, John E. Burke, Attorney of record for Deltagen, Inc., hereby declare that a thorough search of the file jacket and docket record was made. I hereby state that no Office Action mailed

on or about April 22, 2004 in connection with the above reference application was ever received, entered into the docketing system, or recovered in the file-jacket of the above referenced application after the search. In support of these statements, attached herewith is a copy of a docket report for all Deltagen, Inc. cases for the time period from May 1, 2004 through August 3, 2004, which does not reference any actions due for the above referenced case on the dates which fall one, two and three months from the mailing date of the Office Action in question. In particular, as the Office Action in question set a three-month period for reply, it is noted that no response due in this case appears in the docket record for the date July 22, 2004. In fact, the enclosed docket report does not reference any responses due in connection with the above referenced application.

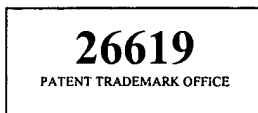

Applicants submit that requirements set forth in MPEP § 711.03 (c) for petition under 37 C.F.R. § 1.181(a) have been met, and Applicants have supplied the statements and proof required to establish non-receipt of the above referenced Office Action. Therefore, Applicants respectfully request withdrawal of the holding of abandonment.

It is noted that in July 2004, Applicants' mailing address changed. Applicants believed that the mailing address in connection with all applications filed by Deltagen, Inc. had been properly updated after their move. However, in some applications the address was not correctly changed.

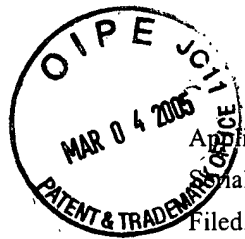

Although it is believed no fee is required for this petition, please charge any fee deficiency or credit any overpayment to Deposit Account No. 13-2725.

Respectfully submitted,

3-4-05
